Sony Corporation Spectrum Access System
Amendment to Initial Commercial Deployment Proposal

Sony Corporation (Sony) respectfully submits the following amendment to its proposal for a short-term, limited geographic commercial deployment (Initial Commercial Deployment or ICD) of its Spectrum Access System (SAS), which was submitted in the above-referenced dockets on September 10, 2018.

This amendment revises the initial proposal by deleting the sections titled “Incumbent Protection Implementation” and “Testing Scenarios and Parameters” in their entirety, and replacing them with the following:

Incumbent Protection Implementation; Testing Scenarios and Operational Parameters

[REDACTED]

Conclusion

Based on the foregoing, Sony requests that the Commission approve its initial commercial deployment proposal as amended herein and authorize Sony to begin implementation and operation.

Respectfully Submitted,

SONY CORPORATION
